On-Line Resources Information

All students at Southeastern are assigned student accounts/usernames for Campus Connect, student email accounts, Blackboard, and student logins at computer labs. The following information will help you access each of these.

CampusConnect
CampusConnect will provide you with a variety of information and services including enrolling in classes, checking course availability, viewing/accepting financial aid awards, paying tuition and fees, updating your contact information and major/advisor, and viewing your unofficial transcript, grades and schedule.

To log into Campus Connect, you may use either your social security number (no dashes) or your SE student ID number. Your initial password is your birthday in MMDDYYYY format.

You may log into the Campus Connect from the Southeastern home page at www.SE.edu under the System Login option. Once in the system, you will see a page listing all of your usernames and log in information. This information will appear each time you log into CampusConnect.
