

DRUG FREE SCHOOLS AND COMMUNITIES ACT NOTIFICATION

Dear Southeastern Students, Faculty, Staff, and Community,

The Drug-Free Schools and Communities Act Amendments of 1989 require that the University must advise faculty, staff and students of relevant laws pertaining to the illicit manufacture, possession, distribution, and usage of drugs and alcohol. This disclosure is to notify you of penalties for violations of Oklahoma and Federal statutes, the health risks associated with the usage of controlled substances, and the student conduct penalties associated with the manufacture, possession, distribution, and usage of controlled substances.

Standards of Conduct and Institutional Sanctions

Student Conduct:

In accordance with the Student Handbook and Code of Conduct, The use, possession, manufacturing, distribution, and/or being under the influence of alcoholic beverages and/or low point beer, as defined by Oklahoma Law, on the campus or at any on-campus activity sponsored by or for a student organization or any other university sponsored activity for students is not permitted. The use, possession, manufacturing, distribution and/or being under the influence of controlled dangerous substances, or controlled substances as defined by Oklahoma law, except as expressly permitted by law and/or University policy is not permitted. The inappropriate use, misuse, or abuse of prescription or over-the counter medications is forbidden.

Student Sanctions:

The violation of this student policy can result in reprimand, conduct probation, removal from residence halls, mandatory treatment or rehabilitation at the student's own expense, and can result in sanctions up to and including suspension or expulsion from the university.

Faculty Conduct:

In accordance with the Academic Policies and Procedures Manual, the illegal use, sale, or possession of alcohol, narcotics, drugs, or controlled substances while on university property or during any university activity is prohibited. Any illegal activity or substances will be reported to the appropriate law enforcement agency and may result in criminal prosecution. Employees who are under the influence of alcohol or drugs, or who possess or consume alcohol or drugs on the job, have the potential for interfering with their own, as well as their co-workers' safe and efficient job performance. Any university

employee who is convicted of any federal or state criminal drug statute for drug related misconduct in the workplace must report the conviction within five (5) days thereafter to the Human Resources office.

Faculty Sanctions:

Such conditions will be proper cause for disciplinary action including employment probation, mandatory treatment or rehabilitation at the employees own expense, and up to and including termination of employment.

Staff Conduct:

In accordance with the Administrative, Professional, and Support Staff Handbook, the illegal use, sale, or possession of alcohol, narcotics, drugs, or controlled substances while on university property or during any university activity is prohibited. Employees who are under the influence of alcohol or drugs, or who possess or consume alcohol or drugs on the job, have the potential for interfering with their own, as well as their co-workers’ safe and efficient job performance. Any university employee who is convicted of any federal or state criminal drug statute for drug related misconduct in the workplace must report the conviction within five (5) days thereafter to the Human Resources office.

Staff Sanctions:

Any illegal activity or substances will be reported to the appropriate law enforcement agency and may result in criminal prosecution. Violation of conduct standards are cause for disciplinary action up to and including termination of employment. University officials reserve the right to require drug testing when there is reasonable cause to believe that an employee is under the influence of drugs.

Oklahoma Law provides similar penalties with regard to the simple possession, distribution, or possession with the intent to distribute a controlled dangerous substance. Simple possession of marijuana is a misdemeanor and carries a punishment of up to 1 year in the county jail. A second or subsequent conviction for simple possession of marijuana carries 2-10 years in the state penitentiary. Possession of marijuana with the intent to distribute is a felony and carries a punishment of 2 years to life in the penitentiary and a fine of up to \$20,000 for the first conviction. A second or subsequent conviction carries a punishment of 4 years to life in prison and a fine of up to \$40,000. Depending upon the quantity involved, a convicted individual could be sentenced under the Oklahoma "Trafficking in Illegal Drugs Act" which provides for much harsher penalties.

In addition, the Prevention of Youth Access to Alcohol, became effective July 1, 2006. For minors consuming/in possession of alcohol or 3.2 beer, the following penalties apply:

- 1st violation: fines up to \$300 and/or community service not to exceed 30 hours, and mandatory revocation of driver's license for 6 months;
- 2nd violation: fines up to \$600 and/or community service not to exceed 60 hours, and mandatory revocation of driver's license for 1 year;
- 3rd violation: fines up to \$900 and/or community service not to exceed 90 hours, and mandatory revocation of driver's license for 2 years;

All minors who violate this law are subject to drug and alcohol assessment;

Minors who have not yet received a driver's license will not be allowed to obtain a license for the same amount of time as the license would have been revoked.

Programs Available to Students Faculty and Staff

Educational Programs

The Southeastern Oklahoma State University Counseling Center provides counseling services to students struggling with alcohol and drug related matters, and is capable of referral services to any faculty, full-time, and part-time staff that are struggling with alcohol and drug related matters. Their contact information shall be included in the annual DFSCA disclosure.

Think About It is an on-line education and prevention program offered to freshmen enrolled in College Success Orientation classes that focuses on harm reduction. It addresses unique challenges and responsibilities of college life for new students surrounding alcohol, drugs, sexual assault, and the interconnectedness of each. Separate versions of **Think About It** are also utilized currently as a possible sanction with conduct issues related to drugs or alcohol.

myPlaybook is an evidence-based alcohol and drug prevention program designed to reduce harm among college student-athletes. It is administered to all new athletes as a collaborative effort between the SE Counseling Center and SE Athletics and contains six topic-specific lessons that are specific to athlete's needs within the NCAA. All returning athletes complete booster lessons each subsequent semester.

Student Health 101 is an online campus magazine to which Southeastern subscribes that addresses a multitude of health related issues including drug and alcohol informational articles. This publication may be accessed by going to <http://readsh101.com/se.html> and is delivered to student email inboxes monthly.

New Year's Resolution Booth gives the campus community an opportunity to express that they had a desire to promote safe and healthy behavior during the coming year. Information is passed out to those who were interested on healthy lifestyles. These events are held during the lunch time in the Student Union Atrium.

National College Health Assessment is completed every-other year to assess many health and wellness issues that affect our students. This instrument allows us to see what educational gaps and individual needs need to be addressed.

Springapalooza is an event that happens the week before spring break every year in the Atrium of the Student Union during the hours the cafeteria is serving dinner. During this time, students are educated on safety tips for various circumstances that could possibly leave them vulnerable to assault.

Camp SE is an orientation camp that is held every summer on multiple occasions before the fall semester begins. Alcohol and drug abuse and prevention education will be provided during this orientation session.

Classroom Instruction: Instructors will be encouraged to include drug and alcohol abuse prevention education in their curriculum.

Customized educational outreach is offered throughout the year as requested through classrooms and other campus outreach initiatives, and periodically as part of health outreach programming. Additional outreach is provided through ongoing programming in Housing and Residence Life, The Office for Student Life, and Student Wellness Services.
