CIDT: News

Welcome to CIDT News!

Welcome to the CIDT Faculty Newsletter! We will be using this newsletter to inform you about upcoming events and changes in CIDT, as well as offer Blackboard and other SE technology support tips. If there is anything you would like to see or learn more about, just let us know. We are here for you!

Thanksgiving Reminder

Thanksgiving Break will take place from November 19th-25th. During this time, please remember that the Southeastern campus will be closed and classes will not be taking place. This includes online courses as well. CIDT and tech support will also be closed during this week.

Thank you, and enjoy your break!

This week's Blackboard tip...

New Report Feature for Rubrics

Blackboard has a new report available in the grade center! You can now see a “Rubric Evaluation Report” in the full grade center by clicking the drop down arrow next to the column name of an assignment that was graded using a rubric. The report will contain the average of all rubric scores, displayed first as an overall average, second as a break down of rubric categories, and last as a breakdown of each category to see how often each score was allotted within each category. We hope this will be a useful tool for you to analyze your students' performance.

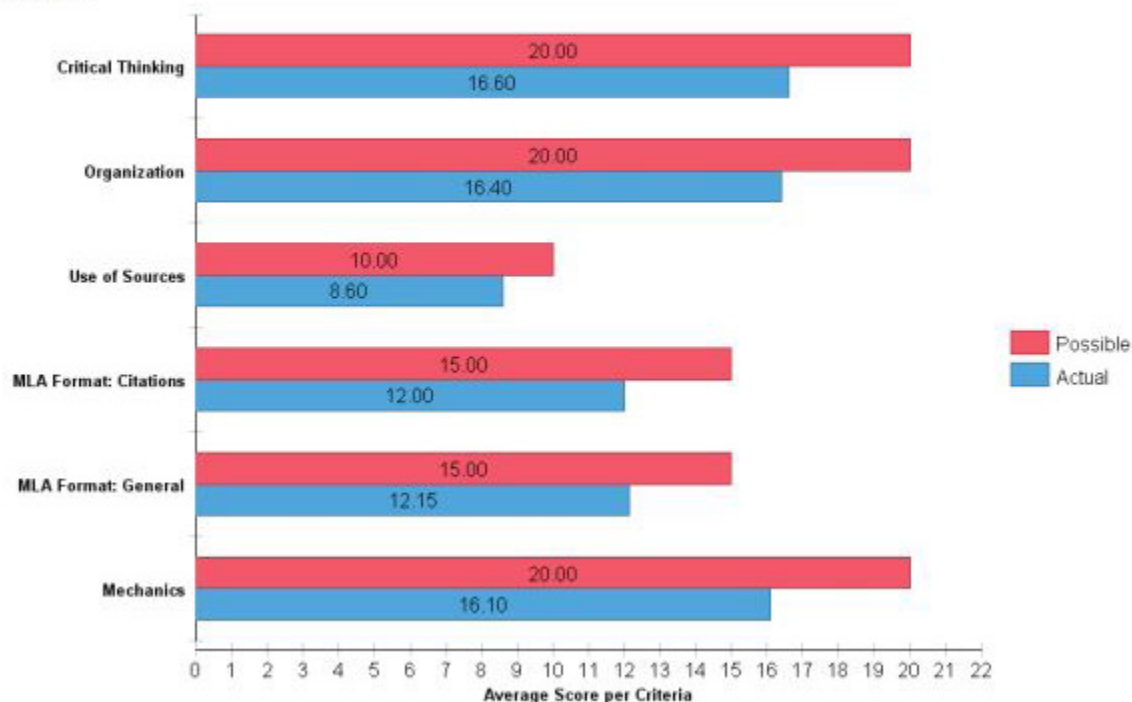

If you have any questions about this new tool, please let us know!

Tutor.com

Tutor.com is a free online learning resource offered to all Southeastern students through Blackboard. Over the past few months, the number of sessions reported has nearly doubled. September reported 44 sessions, but in October we received reports of 79 user sessions! Students have also offered positive feedback about their experiences with the tutors (See below)! In the coming months, we hope to see these numbers continue to grow. Thank you for spreading the word!

Mike was a great tutor! Thank you again

My tutor was great. Thank you again Jamarius!

good tutor.

Good tutor. Thanks again.

Great Tutor. Broke it down well, patient, encouraging and kind.

Great Tutor. very helpful.

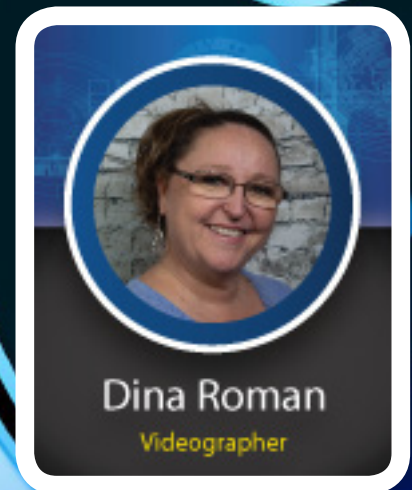

Great tutor... helped and made sure I understood each step. Even shared a few helpful charts. Thanks again!

I have a very dense brain when it comes to math. The tutor helped explain it and hold me accountable, walking me through each process. He was incredibly patient and I appreciated the help.

The tutor was excellent. Very patient and thorough.
