Safe Schools Training

NOT ANYMORE

As you begin enrolling in Spring courses, you may notice there is a “Safe Schools Training” hold on your CampusConnect account. If you see this hold, don’t panic! You simply need to complete the training located under “Student Info” in your CampusConnect. Once this training is completed, the hold will be lifted and you can enroll.

If you have any questions, feel free to contact CIDT or stop by R317A to be walked through the process by one of our staff members. We are here for you!

Advising Holds

Along with the Safe Schools Training Hold, you may notice your CampusConnect is on an Advising or Business hold. If you have not met with an advisor about what courses to take in the Spring semester, you may need to do so by signing up here: [Advisor Scheduling](#)

Business Holds

If your CampusConnect is under a Business Office Hold, you may need to set up a payment plan with the Business Office. You can do so by following these instructions (Right) or contacting the business office at [\(580\)745-2851](tel:5807452851) or email businessoffice@se.edu!

GOLD Orientation

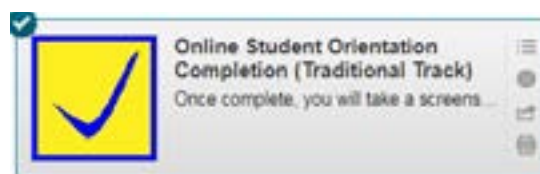

Starting in May, all online students were asked to complete GOLD: General Online Student Orientation. A badge from Orientation must be submitted in an assignment in online classes (and some Face to Face classes). If you have already completed the orientation, you do not have to do so again, but you will need to resubmit your badge when classes start. Submission of the Orientation badge will unlock course work folders. If you have not yet completed GOLD and will be taking an online class in January, be sure to complete it ASAP!

Traditional Track vs. Fast Track

The traditional track is for students that are new to Southeastern, or that would like to refresh their knowledge of Southeastern's online resources. The traditional track follows a series of four Objective folders with various activities that require completion before one can earn their Orientation Badge.

The fast track option is for returning Southeastern students. It is a relatively quick exam that covers the information in the Traditional Track path. Students must score 80% or higher in order to receive their Orientation Badge.

Note, these are what **complete** badges will look like:
