

Committee on Committees
Final Report
April 21, 2021

The committee began the year with assignments to the university committees for Fall 2020. We created a University Committee Preference survey that was administered to the faculty. The survey yielded 50 responses that were used to help make the Fall 2021 assignments. The committee completed the year by assigning faculty to university committees for the upcoming 2021-22 year.

The committee met and provided updates to the full senate on the following dates:

Oct 7, 2020
Oct 28, 2020
February 5, 2021
April 1, 2021

Recommended charges for 2021-22:

- Contact VP McCraw for student representatives for the 2021-22 University Committees.
- Review the University Committee Preference survey and decide its effectiveness for future use.

Respectfully submitted,

Kay Daigle
Chair, Committee on Committees
