

Math 2283 - Introduction to Logic

Homework #2 - 2006.09.06

Due Date - 2006.09.13

Solutions

The purpose of this homework is to make you once again analyze an argument and respond. Reread the argument on page 54 of the *Sweet Reason* text along with all of the information in regards to the rebuttal to the argument. You will be broken into groups and will be asked to do the following:

Part 1:

Construct an argument. It can be on any subject, however it must be a well written, orderly and logical argument.

Part 2:

After the argument has been constructed, trade it with another group and they will rebut your argument! You have until Monday, September 11th to come up with your argument.

Answers will vary!
