

Math 2215 - Calculus 1

Quiz #19 - 2017.11.29

Name: _____

Express the volume of the region bounded by $P(x) = 3x^2 - 5x - 2$ and $Q(x) = 2x^2 - 6x$ revolved around the line $y = -5$ as an integral. You do not have to evaluate the integral.
