

**Annual Security
and
Fire Safety Report**

2023

**Southeastern Oklahoma
State University**

The purpose of Southeastern Oklahoma State University's Annual Security Report is to keep all members of the university community informed about safety and security policy, resources, and statistics. There is no higher priority at Southeastern than the safety and security of our students, faculty, staff, and campus community. I remain committed to investing in key personnel and resources to ensure that Southeastern's Durant Campus and McCurtain County Campus remain among the safest in the State of Oklahoma. To this end, the University has made some significant investments this summer with additional emergency call boxes, increased lighting, upgrades to safety equipment, and the acquisition of new university police vehicles, to better secure our campus.

This critical endeavor continues to be a shared responsibility that requires not just a well-trained, highly-skilled and properly equipped Campus Police Department, but also vigilance and awareness on the part of every member of our shared space. Technology such as the SE-Alert system, and training platforms such as *SafeColleges* are fundamental elements of a comprehensive strategy to protect our students. Remember: if you see something, say something.

Responding to suspicious behaviors, concerning messages, strange packages or mail deliveries, and threatening or harassing conduct is most productive if it is immediately reported and promptly investigated. I urge every member of our campus community to take responsibility for the safety of each other by being proactive.

Our Campus Police Department is here to protect, serve and educate. I encourage our entire university community to see our officers as partners in all three of these areas, as that is how they approach their duties as valuable members of our university family every day.

Thomas W. Newsom, Ph.D.

CAMPUS POLICE SERVICES

The Southeastern Oklahoma State University Police Department's purpose is to provide a safe environment for the University community, to protect life and property, and to investigate crimes and accidents. Campus Police furnish information and assistance to support and promote the institutional programs. Officers maintain protective patrols to deter and detect crime, to detect fire and safety hazards, and to prevent traffic accidents and congestion. They also establish and maintain effective crime prevention programs, and enforces University regulations, local and state laws.

The Southeastern Oklahoma State University Police Department is available 24 hours a day, 365 days a year. They are present on the Campus for the safety and protection of all. Southeastern's Campus Police Officers pride themselves on their ability to respond to your need, from assisting when you lock your keys in your car to responding to a criminal offense. If you ever ask yourself the question, "should I call the police?"; You should call and allow them to assist you.

The goal of Southeastern Oklahoma State University's Police Department is to maintain a safe and secure campus, for everyone to enjoy their college experience, and feel secure enough to take advantage of all that college life has to offer. Therefore, if you are not participating in activities or avoiding places, persons, or situations on campus, you are not taking full advantage of your collegiate experience. It is this department's mission to ensure that each of you feel as safe on campus as you do at home. Call if you find yourself avoiding any campus activities. Campus Police will work hard to make this campus accessible and safe for everyone.

Campus Police Officers have complete Police authority to apprehend and arrest anyone involved in illegal acts on-campus and areas immediately adjacent to the campus. If minor offenses involving University rules and regulations are committed by a University student, the campus police may also refer the individual to the Student Conduct Coordinator. Campus Police also maintain working relationships with the Durant Police Department, Bryan County Sheriff Department, Calera Police Department, and Choctaw Nation Tribal Police, which allows for cooperation in enforcement activities. Campus Police are cross deputized with Choctaw Nation Tribal Law Enforcement and may arrest tribal members who have committed crimes within Campus Police jurisdiction or when acting in mutual aid in other jurisdictions.

The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at the Bryan County District Court. Campus Police personnel work closely with Local, State, and Federal police agencies and have direct radio communication with the City of Durant Police Department and Bryan County Sheriff's Department. The Campus Police Department is also a part of the Bryan County 911 Emergency System. By mutual agreement with State and Federal agencies, our department maintains an NLETS terminal (National Law Enforcement Telecommunications Network). Through this system police personnel can access the National Crime Information Computer system as well as the Oklahoma Law Enforcement

Telecommunications. These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other Local, State and Federal law enforcement information.

Any University owned or leased property in outlying areas is patrolled jointly by both Campus Police and Durant Police.

MCCURTAIN COUNTY CAMPUS:

Southeastern's McCurtain County Campus (MCC) does not have a permanent full-time security presence in place, although security presence is commonly arranged throughout the highest-traffic times of day in the MCC facilities. Crimes may be reported to MCC Security or to the Director of the McCurtain County Campus in the front administrative offices. Security guards do not have the power of arrest similar to law enforcement.

ARDMORE CLASSES (UNIVERSITY CENTER OF SOUTHERN OKLAHOMA):

Southeastern's Ardmore classes are not instructed in the presence of a permanent full-time security presence. Crimes may be reported to the Ardmore Police Department or reported to the site coordinator.

NOTICE OF AVAILABILITY OF ANNUAL SECURITY REPORT

The Federal Student Right-to-Know, Crime Awareness and Campus Security Act, now cited as the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" and herein identified as the "Annual Security Report" or "Clery Report," requires institutions of higher education to annually prepare and publish a report concerning campus crime statistics and security policies. The report is distributed through appropriate publications, mailings, or computer networks to all current students and employees, as well as to all prospective students and employees upon request. The report contains annual specific campus crime and arrest statistics and campus policies and practices intended to promote crime awareness, campus safety and security.

This report is prepared by the Special Assistant to the President in conjunction with the Office of Student Conduct and Campus Police; copies may be obtained by visiting the Campus Police website:

<https://www.se.edu/public-safety/>

A copy of this report can also be obtained in person by contacting the Director of Emergency Management and Chief of Campus Police at the following:

CRIME REPORTING

To report a crime in progress, a person, victim or witness can dial 911, use one of the outside emergency telephones or call one of the listed Police telephone numbers in this document. Any method will trigger the response of police, fire, ambulance or other first responders.

Additionally, the victim of a serious crime can request support personnel, such as ministers and rape crisis or domestic violence counselors, during or after reporting the incident. Crime victims may be eligible for funds through victims' compensation laws administered by the local district attorney's office. A daily log of campus crimes is kept and maintained at Campus Police HQ, and can be inspected by the public during regular business hours.

Prompt reporting of criminal activity to the police enables a quick response, a timely warning, and a safer campus for everyone.

If you are the victim of a crime or a witness to one, you should do the following:

1. Call the police immediately: Dial 911 for emergencies (off the main Durant campus) or call 580-745-2727 or 2911 for Campus Police if you are on the Durant Campus.
2. Obtain a description: Attempt to obtain a description of the offender(s), including gender, age, race, hair, clothing and distinguishing features. Also attempt to obtain a description and license number of any vehicle(s) involved. Note the direction of travel of any offender(s) or vehicle(s) and report these to the police.
3. Preserve the crime scene: Do not touch any items involved in the incident. Close off the area of the incident, and do not allow anyone in the crime area until police arrive.

SE Alert

The SE Alert System is an emergency alert system that is designed to notify faculty, staff, students, and others who install the app of emergencies that warrant immediate notification. The system uses SMS text messages, automated phone calls, voice mails, smartphone-app-based alerts, emails, social media updates, and web-site updates to send emergency alert messages to Southeastern's faculty, staff, students, and others.

Students, faculty, staff, and others can improve their interaction with our alert system by downloading the CampusShield app from their phone service provider's app-store. The CampusShield app, which requires location services to be activated on the phone, provides an immediate method of alerting emergency services with an in-app "GET HELP" button automatically calls emergency services. By downloading and making an account on the app, individuals can access a campus map, access a non-emergency reporting tools, access emergency procedures for the University, and update their contact information so that they receive SE Alerts

to their most up-to-date phone numbers and email addresses. Campus Police maintains memorandums of understanding with our neighboring agencies to assist in various emergencies.

CRIME DISCLOSURE

University policies and procedures require the publication of annual crime statistics. Included in this report are crimes reported to the Campus Police Department and other campus officials, including University Counseling Services, Residential Life, and Student Conduct Services, and local law enforcement. Crime statistics are collected from uniform crime reporting Police Reports prepared by Campus Police Officers, Maxient Student Conduct System Reports, reports from Campus Safety Authorities and from local Law Enforcement Agencies and site-specific directors or coordinators.

The crime and arrest statistics reported are those that occurred within the jurisdictional boundaries of campus. They do not include off-campus private housing, which are within the Durant Police Department jurisdiction. Southeastern Oklahoma State University does not report crime and arrest statistics for fraternities and sororities although they are within the jurisdictional boundaries of Durant, Oklahoma. Crimes occurring on public property immediately adjacent to campus are also reported when available.

CONFIDENTIAL CRIME REPORTING

Confidential reporting of crimes is allowed at Southeastern Oklahoma State University. If, for a personal reason, a person does not wish to report an on-campus crime or suspected crime to the police, that person may anonymously report it by utilizing the Silent Witness Report Form located on the Public Safety website:

<https://www.se.edu/public-safety/report-a-safety-hazard-or-concern/>

Student Conduct reports may be submitted through the Maxient system by clicking on the following link: <https://cm.maxient.com/reportingform.php?SoutheasternOKStateUniv>

CAMPUS SECURITY AUTHORITIES

Information in reports by CSAs are reviewed by the Special Assistant to the President for Compliance to determine if the information qualifies for inclusion in annual crime statistics for this Annual Report. Data collection also takes place via solicitation of crime statistics from police agencies with jurisdiction on or around University campus property, non-campus property, and public property adjacent to University spaces. TIMELY WARNING POLICY

To help prevent crimes or serious incidents, Campus Police, in conjunction with other departments on campus, issue timely warnings to notify University community members about crimes or other serious incidents in and around the community. If a situation arises that, in the judgment of the President and or executive team, would be considered an ongoing or continuing

threat, a campus-wide warning will be issued. The warnings will be issued by email, text and telephone call by utilizing the SE Alert System. In the case of an emergency, the emergency council will have the sole authority for issuing timely warnings. Campus Police will cooperate with local law enforcement in collecting information that may warrant a timely warning.

The purpose of timely warnings is to provide the University community with information relevant to their safety. Anyone with information warranting a timely warning should report the circumstances to the Director of Emergency Management and Chief of Campus Police (745-2727), the University President (745-2500), or the Director of Communications (745-2731)

MISSING STUDENT NOTIFICATION

Pursuant to the Clery Act, Southeastern has implemented protocols to ensure that all reasonable and proper steps are taken in the event a student is discovered to be missing. The purpose of this policy is to establish procedures for the university's response to a report of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in on-campus housing. Any person (student, staff or faculty) believed to be missing from the campus unexpectedly shall be immediately reported to the Southeastern Campus Police Department.

For purposes of this policy, a student will be considered missing, if a roommate, classmate, faculty members, family member or other campus person has not seen the student in a reasonable amount of time. A reasonable amount of time may vary with the time of day and information available regarding the missing person's daily schedule, habits, punctuality, and reliability. Individuals will be considered missing immediately, if their absence has occurred under circumstances that are suspicious or cause concerns for their safety. If the initial report that a person is missing is made to a department other than the Southeastern Campus Police Department, the employee receiving the report will ensure that the Southeastern Campus Police Department is contacted immediately.

The Southeastern Campus Police Department will conduct an initial investigation to determine if the person appears to be missing, or has simply changed his/her routine unexpectedly, and whether or not there is a reason to believe the person is endangered. Once a determination is made that a student living in on-campus housing is missing, the institution will notify local law enforcement of the situation within 24 hours. This applies to any missing student who lives in on-campus housing regardless of age or status, and regardless of whether he or she registered a confidential contact person.

The Southeastern Campus Police Department will check student's log in records, dining records, class schedules, interview fellow students, faculty and residence hall staff, and use other methods to determine the status of a missing person. From this initial investigation, the scope will continue to expand to make attempts to determine the location of the person reported missing to assure they are safe.

Should the Southeastern Campus Police Department not be able to locate a person reported missing within twenty-four (24) hours of the report, the Southeastern Campus Police Department would then notify the person's designated emergency contact.

On-campus students have the option of identifying a person of their choice to be contacted in the specific case they are determined missing. The contact will be noted on their student housing contract filled out annually and on the Resident Emergency Contact Information sheet filled out when checking into the residence halls.

Students should be sure that this contact knows how to reach the student in case of emergency, and have a general idea of the student's general daily routine and any travel plans. This person should be someone you trust to aid officers in determining your whereabouts, or verifying that further investigation and/or entry into national missing persons databases is warranted.

The person you designate and their contact information shall be considered confidential, will be kept separately from the general emergency contact, and is only to be accessed by University officials after the student has been reported missing. If no separate emergency contact is identified, a parent or guardian as listed in the university records will be contacted.

NOTE FOR STUDENTS UNDER AGE OF 18 AND NOT EMANCIPATED: For any student under the age of 18 who is not emancipated, the university must identify a custodial parent or guardian not later than 24 hours after the time the student is determined to be missing, in addition to notifying the additional contact person designated by the student. For any situation in which a missing person is believed to be endangered, this notification will be made as early as possible while officers are continuing to investigate.

Additional Missing Persons Information:

In regard to Missing Persons reports, the information that is registered by the student will be confidential (assuming no FERPA release has been filed), and the information will only be accessible to authorized campus officials and it will not be disclosed, except to law enforcement personnel in the furtherance of a missing person investigation.

SAFETY AND PREVENTION

EMERGENCY RESPONSE AND EVACUATION PROCEDURES STATEMENT

Southeastern Oklahoma State University conducts an annual test of the SE Alert to ensure that all systems are working properly. Durant Emergency Management conducts a monthly test of all storm sirens, on the 1st Thursday of each month, weather permitting.

When a Tornado Warning is Issued

Everyone will follow all directives given by emergency operations personnel and proceed with safety to the nearest shelter area. Everyone on campus has a responsibility during a tornado emergency. A list of these responsibilities are outlined below.

1. Faculty will inform their class of the shelter location and lead them there. Once safely in the shelter, the faculty member will take roll and note any unaccounted-for students.
2. Staff and employees will be led by supervisors to shelter locations. Once safely in the shelter, the supervisor or a designated employee will take a headcount and note any unaccounted-for personnel.
3. Visitors, students with no scheduled class and employees not in assigned shelters will check into the nearest shelter location and report to any Emergency Operations Manager. EOMs will make note of the visitors, students or employees.

If a storm is approaching, please be aware of any media warnings and upon sounding of the tornado sirens, you are to seek shelter immediately! There will be NO all clear siren notification by Durant/ Bryan County Emergency Management. The McCurtain County facility may not have audible storm sirens.

All other buildings—Take cover in the safest place possible (hallways, interior rooms, etc.) if you cannot reach a designated shelter.

For further reference, please go online to the Southeastern Campus Police & Safety website (<https://www.se.edu/financial-aid/wp-content/uploads/sites/44/2019/06/emergency-preparedness-plan12.pdf>) and click on the Emergency Preparedness and Crisis Management Plan.

Before an emergency strikes, take time to identify your safest place at home, at work and at school. Many people have survived strong tornadoes in a closet or small interior room without windows. Usually the safest place will be on the lowest floor in center of building. No place is guaranteed to be 100% safe.

Storm Evacuation Procedures

1. All Housing personnel in building are to fall into duty, whether scheduled or not, and assist in evacuation.

2. Noncomplying individuals will not be forcefully evacuated.
3. Residents are to go to Paul Laird Field under West Bleachers.
4. If time does not permit evacuation to Paul Laird Field, Residents are to take shelter against interior walls on the lowest floor possible and away from windows.
5. DO NOT USE ELEVATORS.

Earthquake Procedures

All employees and students should take immediate cover in the event of an earthquake.

1. Position yourself under a desk or in a doorway and cover your head.
2. Stay clear of windows, shelves and heavy objects.
3. If outdoors, move away from buildings, trees, utility poles, power lines and gas meters.
4. DO NOT USE ELEVATORS DURING EVACUATION AFTER AN EARTHQUAKE.
5. Once the tremor has passed, immediately evacuate the building and proceed to established rally points.

Bomb Threats

If you receive a bomb threat over the phone, remain calm and try to act courteous. If possible, get another person to listen on another extension. Take notes on the caller's threat, tone, voice, characteristics and background noise. If you are a university employee, complete the bomb threat checklist upon receiving a threatening call. Contact Campus Police immediately, and follow the directions of emergency operations managers who will initiate the University's Plan. At the McCurtain County Campus report these threats to a security guard or the Director.

Acts of Aggression

Southeastern Oklahoma State University has many potential aggressor targets. An attack on any one of these vulnerable areas could cause major damage to University property and widespread casualty situations. Emergency personnel must be prepared for the possibility of an act of violence against the campus population or property. All University employees and students are encouraged to report any suspicious behavior to the University Police for investigation. At the McCurtain County Campus report suspicious behavior to on-site police or the Director.

NOTIFICATION TO UNIVERSITY COMMUNITY ABOUT AN IMMEDIATE THREAT

If there is a confirmed emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the University community, the University will utilize some or all of the systems described under the *Timely Warning Policy* to communicate the threat to University community or appropriate segment of the community if the threat is limited to a particular building or segment of the population. Without delay, taking into account the safety of the community, the University will determine the content of the notification and initiate the notification system will be initiated unless issuing a notification will, in the judgment of the responsible authorities compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

MEDICAL EMERGENCIES

1. Do not move the patient unless his or her life is in danger.
2. Have someone stay with the patient until help arrives.
3. Call 911. Tell them your name, your exact location and a brief description of the problem. Do not hang up until told to do so.
4. Meet emergency personnel to guide them to the patient. If there are any locked doors between the patient and EMS, make efforts to open them for EMS arrival.

CAMPUS WIDE EMERGENCY RESPONSE

All University employees are required to complete NIMS training. Response training and testing is conducted frequently to ensure that all employees are aware of procedures. Southeastern Oklahoma State University holds current NIMS certification with the Department of Homeland Security.

What to Do if You Are a Victim of Sexual Assault/Violence

1. Preserving Evidence: In order to best preserve evidence campus police/law enforcement officials should be contacted as soon as possible after an assault has occurred. If at all possible a sexual assault victim, who has the option of going for help at the nearest

emergency room, should not shower, change clothes or brush his or her teeth. Preserving evidence may be necessary to the proof of criminal domestic violence, dating violence, sexual assault, or stalking, or in obtaining a protective order. Victims are encouraged to call the campus police or local law enforcement to initiate a report and to help preserve evidence. It is up to the victim if prosecution is pursued.

2. If unable to get to the Emergency Room, get to a safe, secure place.
3. Report by one of the following options:
 - a. To report as a crime or emergency, notify Campus Police (580) 745-2911 and/or Durant or other local Police at 911.
 - b. To report to the University and/or to have University officials assist you in notifying law enforcement, contact one of the following resources:
 - i. Housing and Residence Life
 1. Main office: 580-745-2948 (use this # during regular business hours)
 2. Other Housing Contact: (580) 380-7460
 - ii. The Title IX Coordinator: 580-745-3090
 - iii. The Director of the McCurtain County Campus: 580-376-5498
 - iv. The VP of Student Affairs: 580-745-2080

If you are a student and prefer not to notify law enforcement or responsible University officials, you may access campus services from the University Counseling Center. Or you can call the Crisis Control Center at (580) 924-3000 or call another support agency or office. If you are an employee and prefer not to notify law enforcement or responsible University officials, you may contact the Crisis Control Center at (580) 924-3000. Additionally, employees can contact the National Sexual Abuse Hotline at 800-656- 4673. Please remember that reluctance or unwillingness to make a complete report to campus security and the police will make it difficult for either the police or the University to take appropriate action or safety measures; this includes reporting the dangers to the campus community.

Sex-Based Misconduct and Sexual Harassment Policy

This Policy applies to all campus community members, including students, faculty, staff, contractors, and visitors within the member university's control. It applies to conduct that occurs in an educational program or activity including locations, events, or circumstances over which the member university exercised substantial control over both the respondent and the context in

which the sexual harassment occurs, and also includes any RUSO or member university owned or controlled premises and buildings owned or controlled by student organizations officially recognized by the university. This Policy applies regardless of the sex, gender, gender identity, or sexual orientation of the parties. In accordance with regulations issued by the United States Department of Education, this Policy does not apply to conduct occurring against a person outside the United States or conduct that is not specifically addressed herein. 2 Alleged conduct reported pursuant to this Policy, whether or not the conduct constitutes a violation of this Policy, may violate other RUSO or university policies. The member university reserves the right to take disciplinary action for conduct reported under this Policy that constitutes a violation of any other university policy. If dismissal, suspension, or any other discipline of a faculty member or student is recommended as a result of a violation of this policy, the RUSO Title IX policy is the exclusive forum for such discipline and any appeals related thereto. The processes related to dismissal, suspension, or any other discipline set forth in RUSO policy Chapter 3 (Academic Affairs) and Chapter 4 (Student Affairs) and any related member university policies are superseded hereby and do not apply to faculty or students who have been found to have violated the RUSO Title IX policy and the discipline recommended as a result thereof. In the case of any conflict between the terms of the general policies of RUSO policy Chapter 5 and the RUSO Title IX policy, the terms of the RUSO Title IX policy shall prevail. Per the RUSO Title IX Policy, procedures for institutional disciplinary action in cases of alleged domestic violence, dating violence, sexual assault, or stalking shall be conducted by officials who receive annual training on issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

INITIAL REPORTING

Distinction Between Report and Formal Complaint

This Policy distinguishes between reporting incidents of Sexual Harassment and filing a Formal Complaint regarding an incident of Sexual Harassment. Reporting incidents of Sexual Harassment informs the member university of the incident, allowing the member university to provide Supportive Measures to the Complainant and does not necessarily result in the initiation of the grievance process (as described in Section 4.03 of this Policy). Complainants who report incidents of Sexual Harassment will be offered individualized Supportive Measures. If a Complainant wishes to initiate the grievance process, they must file a Formal Complaint. when a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights.

Reporting

All forms of sex-based misconduct should be reported to the member university, no matter the severity. RUSO's primary concern is safety; therefore, individuals should not be deterred from reporting for any reason, even if the use of alcohol or other drugs was involved. RUSO and the

member universities encourage those impacted by sex-based misconduct to talk to someone about what happened so they can receive support and the member university can respond appropriately. The member universities offer both confidential services and non-confidential reporting options, as outlined below. The University will provide, to any reporting party purported to be a victim, written notification (in a pamphlet or electronic communication) about existing counseling, health, mental health, victim advocacy, legal assistance, supportive measures, and other services available for victims both on-campus and in the community. The University will provide written notification to purported victims about options for, and available assistance in, changing transportation and working situations, in addition to academic and living situations – and notification that such supportive measures are available without a formal complaint being filed, or reporting to law enforcement.

Reporting to the University

i. **Confidential Reporting Options.** Confidential service options provide students and employees with the ability to confidentially share and discuss an incident of sex-based misconduct without the reporting party's information being shared with the member university. Please be aware that reporting to confidential services limits the member university's ability to respond to incidents. While these individuals are not required to report to the member university, they may have reporting or other obligations under state law, such as mandatory reporting to law enforcement in cases involving minors, imminent harm to self or others, or requirements to testify if subpoenaed in a criminal case.

a. **Professional Counselors.** Professional and licensed counselors who provide mental-health counseling (including those who act in that role under the supervision of a licensed counselor) are not required to report any information. Included in this category are counselors at the member university's Counseling Center, Psychological Services Clinic and those provided by the Employee Assistance Program.

b. **Member University Health Providers.** Member University health service providers are a confidential service option.

ii. **Non-Confidential Reporting Options.** Any person may report an incident, whether or not the individual reporting is the person alleged to be the victim of the incident. Reports may be verbal or in writing to the Title IX Coordinator or Deputy Title IX Coordinator:

4. Filing an anonymous tip with the Regional University System of Oklahoma through the RUSO Tip Line in EthicsPoint: <https://secure.ethicspoint.com/domain/media/en/gui/30756/index.html>

NOTE: Victims reporting violations of this policy should be aware that university administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. The university will make every effort to ensure that a victim's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

Investigation of a Formal Grievance

Process

Complainants may file a Formal Complaint with the Title IX Coordinator or the Deputy Title IX Coordinator. In order for corrective or disciplinary action to be taken against a RUSO or member university employee or student, it may be necessary for a signed Formal Complaint to be filed and for the Complainant to cooperate with the member university's investigative process. However, a Complainant alleging sexual harassment may be offered individualized Supportive Measures. A signed Formal Complaint can be provided to the Title IX Coordinator or Deputy Title IX Coordinator by mail, email, or in person. The Formal Complaint must include the specific allegations and name of the Respondent(s). Title IX Coordinators may proceed with Formal Complaints without a Complainant signing it. Universities are obliged to act when it receives "actual knowledge" of allegations of Sexual Harassment. Persons who believe they have been subject to prohibited Sex Discrimination or Sexual Harassment are encouraged to seek assistance, to directly report such conduct to appropriate supervisors, or to directly report such conduct to the Title IX Coordinator or Deputy Title IX Coordinator.

Upon receiving a Formal Complaint, the Title IX Coordinator or Deputy Title IX Coordinator will conduct an initial assessment and provide information about Supportive Measures. At the conclusion of the preliminary inquiry, the Title IX Coordinator will provide the Complainant

with information regarding the appropriate procedural process. The Complainant will be advised if the information discovered during the preliminary inquiry warrants proceeding with the grievance process as outlined in this Policy or if the allegations, if true, may constitute a violation of another member university Policy. If the information does not warrant proceeding under this Policy, the case will be dismissed under this Policy. After a Formal Complaint is received, if it is determined there is sufficient evidence to proceed with an investigation, a written notice and copy of the Title IX procedures will be provided to the Complainant and Respondent. The notice will detail the allegations, to include, if known, the identities of the parties, the date and location of the incident, and the specific alleged Policy violation(s). The notice will also state the Respondent is presumed not to be responsible until a determination of responsibility becomes final. The notice will advise both parties of their right to have an advisor of their own choosing.

Investigation Procedures

A trained investigator, or multiple trained investigators if necessary, will be assigned. The investigator(s) will conduct a fair, thorough and impartial investigation. The Respondent is presumed not responsible until a determination of responsibility is final. Both parties will have an equal opportunity to present facts, witnesses, and evidence to support their positions, with no restrictions on the parties' ability to discuss the investigation. Both parties will have an equal opportunity to attend any proceedings, along with their advisor. Reasonable efforts will be made to conduct interviews with all parties and relevant witnesses in a timely fashion. Upon conclusion of the investigation, the investigator will prepare a report summarizing their findings. The investigation report will be provided to the Complainant and Respondent. To confirm accuracy, both the Complainant and Respondent will have ten (10) business days to review the investigation report and provide feedback to the investigator about their account of information.

Agreement-Based Resolution Options

At any time after the filing of a Formal Complaint and but not less than ten (10) days prior to a live hearing, either party may request that the member university facilitate an informal resolution. Informal resolution is an available option when both parties voluntarily agree to participate and if the Title IX Coordinator agrees that informal resolution is appropriate given the nature of the allegations and the relationship of the parties. The member university's informal resolution process is facilitated by the Title IX Coordinator or designee. If the parties reach agreement during the informal resolution process, the facilitator will reduce the agreement to writing and present it to the Title IX Coordinator, who may approve or disapprove the agreement. An approved informal resolution agreement will be recognized as a binding agreement between the parties enforceable by the member university. Once the parties have entered into an approved informal resolution agreement, the grievance will be deemed resolved and may not be re-opened. If the non-requesting party declines to participate, chooses to withdraw from participation, or if informal resolution is not successful, the grievance process continues.

Hearing Procedures

Upon the conclusion of an investigation involving a RUSO or member university employee or student as a Respondent, the Complainant and Respondent will be notified in writing with the name and contact information of a panel of trained Decision Makers assigned to conduct a live hearing that will be recorded by audio or audio visual means. The Decision Maker shall consist of at least three (3) individuals one of which shall serve as the chair of the Decision Maker panel. The Complainant and Respondent will be provided the scheduled date, time and location of the hearing, as well as written information regarding the hearing process. Within ten (10) business days of receipt of the notification, both parties may provide the Decision Maker with the name and contact information of their Advisor for the hearing, supporting evidence and a list of witnesses. If either the Complainant or Respondent is unable or chooses not to name an Advisor, one will be selected by the member university's Title IX Coordinator for the respective party. At any time during the process, requests for extensions to provide information or to reschedule hearings may be made and approved by the Decision Maker in their sole discretion. 14 Any request for an extension must be in writing, no later than two (2) days prior to the applicable due date. All parties and Advisors will be notified of approved extensions in writing. If the Decision Maker determines that a Respondent violated this Policy, the possible sanctions range from a written admonishment or reprimand to dismissal from the member university.

At the beginning of the hearing, the Decision Maker shall set forth the rules of procedure for the hearing. The Decision Maker is allowed to question information provided by the parties, for relevancy, and ask questions before determining if the information provided is admissible. Each party is allowed a reasonable time to present their opening statement. The Complainant will present their case first in all phases of the hearing. Each party is allowed to ask relevant questions of their respective witnesses, followed by cross-examination by the other party's Advisor. Cross-examination must be conducted by the other party's Advisor. The parties may not under any circumstances conduct cross-examination. If necessary, a party will be allowed additional time for follow-up questions of their witness, followed by additional time for cross-examination by the other party's Advisor. The Decision Maker will determine whether questions asked during cross-examination by an Advisor are relevant. The Decision Maker may also ask questions of the parties and witnesses for clarification. The process will be repeated until all testimony is concluded. The standard of evidence to be used to make a determination is Preponderance of the Evidence.

Outcome

Following the hearing, the Decision Maker will issue a written determination, generally within five (5) business days. In the event circumstances require more time to issue a written determination, the Decision Maker will notify the parties. The written decision will include the following elements: i. the allegations made against the Respondent; ii. a description of the procedural steps undertaken, including notifications to parties, interviews and site visits, methods used to gather evidence, and hearings; iii. findings of fact that support the determination; iv. an

explanation regarding the result of each allegation, including a determination as to whether the Respondent did or did not violate this Policy as to each allegation; v. any disciplinary actions/sanctions against the Respondent, and any remedies to be provided to the Complainant; and vi. procedures and bases for appeal.

Appeal

A Complainant or Respondent may appeal in writing either a dismissal of a Formal Complaint or the Title IX Hearing Determination within ten (10) days of notification of such determination on the grounds set forth in Section 6.02. A Complainant or Respondent may appeal either a dismissal of a Formal Complaint or the Title IX Hearing Determination for the following reasons: a. A procedural irregularity occurred that affected the outcome of the matter; 16 b. New evidence that was not reasonably available at the time the Title IX Hearing Determination or dismissal was made, that could affect the outcome of the matter; or, c. The Title IX Coordinator, Deputy Title IX Coordinator, investigator(s), or Decision Maker had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.

Interim Remedies/Supportive Measures

Supportive Measures – non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the member university’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the member university’s educational environment, or deter Sexual Harassment. Supportive Measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

A Formal Complaint does not need to be submitted for Supportive Measures to be put in place. The member university will maintain confidentiality to the extent possible. Supportive Measures are non-disciplinary and nonpunitive measures that do not unreasonably burden the other party. Supportive Measures may include, but are not limited to:

- Assistance in reporting: Support in filing a complaint with the member university and/or the appropriate law enforcement agencies.

- No contact order: A no contact order can be put into place between the Complainant and the Respondent, to prohibit contact or limit contact between both parties through any means of communication, as well as prohibit others from making contact on their behalf.
- Safety measures: Coordination of any reasonable arrangements that are necessary for ongoing safety. This includes transportation arrangements or providing an escort.
- Work schedule adjustments: Assistance in changing on-campus work schedules, work assignments, supervisor responsibilities, or other work arrangements.
- Leaves of absence: A pre-approved defined period away from the work environment. (employees only)
- Living arrangements: Assistance in changing on-campus living arrangements to ensure a comfortable living situation.
- Academic arrangements: Assistance in adjusting academic schedules as well providing access to academic support services. (students only)
- Other supportive measures: Coordination of other reasonable arrangements to address the effects of the sex-based misconduct, including connecting individuals with counseling or health care.

Sanctions

The possible sanctions range from a written admonishment or reprimand to dismissal from the member university. Possible Sanctions Under This Policy:

- Warning.
- Customized Restrictions or Projects: Including but not limited to: letter of apology, presentation of a workshop, preparation of a research paper or project, social probation, community service, assessment or evaluation, counseling, no contact orders (may include restricted access to campus services/amenities/enrollment/facilities/etc.) , assigned a mentor/role model, required community/organizational involvement, restitution for damages, punitive fines, eviction from residence halls, loss of privileges (i.e. visiting privileges in housing or denial of access to computer or other campus services) prohibiting membership or leadership in campus organizations; or denial of participation in any official athletic or non-athletic extracurricular activity, including practices or travel; or withholding of official transcript or degree; or blocking from enrollment for a specified period of time; intervention program (may require a fee); or any combination of the above.
- Conduct probation: A student may be placed on conduct probation for a specified time frame. If a second violation occurs while a student is on probation, disciplinary action will be based on both charges. If the student has a Dean's disciplinary hold on the student records, it is removed at the discretion of the Conduct Officer.

- Suspension: A student may be suspended from the University for a definite period of time not less than the remainder of the current semester in which student is enrolled. The student who has been suspended may apply for readmission at the close of the period for which the student was suspended. A suspension hold will be placed on the student's transcript during the period of suspension.
- Expulsion: When a student is expelled, a record of this action will be noted on the student's transcript and it will be a part of the student's permanent record in the Office of the Registrar. A student who is expelled will not be allowed to re-enter the university.
- Degree revocation or rescission of credit.
- Employment suspension or termination.
- Emergency Removal: Applicable only to students and participants in a member university's educational program or activity, an emergency removal is a removal, either partially or entirely, of a student or participant from the member university or its educational programs and activities on an emergency basis when an individualized safety and risk analysis has determined an immediate threat to the physical health or safety of any student or other individual arising from the allegations justifies removal. The individualized risk assessment will be conducted by the appropriate member university personnel, in conjunction with the member university's team that assesses behavior (e.g. Behavioral Assessment Team) using its standard risk assessment procedures. A removed student will receive a written notice of the decision, which notice will include information about how the student may challenge the removal decision.

RISK REDUCTION AND BYSTANDER INTERVENTION

Do not confuse risk reduction tips for victim-blaming. The Federal Violence Against Women Reauthorization Act of 2013 and associated Department of Education Regulations on the Violence Against Women Act (34 CFR Part 688) requires institutions of higher education to provide risk reduction tips to the campus community. These tips are offered in the hope that recognizing patterns can help men and women to reduce the risk of victimization. Generally, an assault by a known offender will follow a four step pattern:

1. An individual's personal space is violated in some way. For example, the perpetrator may touch the victim in a way that does not feel comfortable.
2. If the victim does not express discomfort, the perpetrator may begin to view the victim as an easy target because she/he is not acting assertively.
3. The perpetrator may take the victim to a location that is secluded and where the victim is vulnerable.
4. The victim feels trapped or unable to be assertive and is raped or assaulted.

If you find yourself in an uncomfortable sexual situation, these suggestions may help you to reduce your risk:

- Make your limits known as early as possible.
- Tell a sexual aggressor "NO" clearly and firmly.

- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you.

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:

- Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
- Understand and respect personal boundaries.
- DON'T MAKE ASSUMPTIONS about consent; about someone's sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity, then you DO NOT have consent.
- Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
- Don't take advantage of someone's drunkenness or drugged state, even if they did it to themselves.
- Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don't abuse that power.
- Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
- Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.

Bystander Intervention

Reducing instances of sexual assault and other gender-based misconduct must be a team effort, involving all members of the campus community. We must all take it upon ourselves to respond appropriately when we notice something inappropriate or dangerous. The following are positive options for bystander intervention:

- Notice the Incident. Bystanders first must notice the incident taking place. Obviously, if they don't take note of the situation there is no way they can help.
- Interpret Incident as Emergency. Bystanders also need to evaluate the situation and determine whether it is an emergency, or at least one in which someone needs assistance. Again, if people do not interpret a situation as one in which someone needs assistance, then there is no need to provide help.

- Assume Responsibility. Another decision bystanders make is whether they should assume responsibility for giving help. One repeated finding in research studies on helping is that a bystander is less likely to help if there are other bystanders present. When other bystanders are present responsibility for helping is diffused. If a lone bystander is present he or she is more likely to assume responsibility. Defeat this tendency by assuming responsibility and helping whenever you can safely do so, whether you are alone or in a group of bystanders.
- Attempt to Help. Whether this is to help the person leave the situation, confront a behavior, diffuse a situation, or call for other support/security.

Tips for Intervening: In a situation potentially involving sexual assault, relationship violence, or stalking:

- Approach everyone as a friend
- Do not be antagonistic
- Avoid using violence
- Be honest and direct whenever possible
- Recruit help if necessary
- Keep yourself safe
- If things get out of hand or become too serious, contact the police

AWARENESS EDUCATION

Southeastern Oklahoma State University takes acts of sexual violence and sexual harassment seriously. In an effort to educate students and comply with the Violence Against Women Act and the Office for Civil Rights federal guidelines, all students will be required to complete online training on sexual violence prevention. A hold will be placed on your account, which will affect enrollment for the subsequent semester, until the training has been completed. An email will be sent to students with instructions on this training.

Additionally, schedules for on-going educational programming on sexual violence for students, faculty or staff will be on the University website. Topics include but are not limited to sexual assault, sexual harassment, the conduct process for sexual misconduct, how to support a complainant, bystander intervention, prevention strategies and resources available for complainants.

Campus Prevention Education Related to Violence against Women

Student Health 101 Magazine is distributed monthly to our student body and contains articles that discuss relationship, assault and violence issues.

Green Dot Bystander Intervention program has been presented to faculty, staff, and students on campus since 2011. This program addresses how to decrease violence on our campus and in our community. A member of our counseling staff is trained to provide this service and takes it in to the classroom, special events, and other groups on campus.

Southeastern recommends completion of the “SafeColleges” sexual harassment and sexual violence training online module, accessible through each student’s Self Service account with the University, by every incoming student during their first semester at the University.

Friends of the Green Dot- These are students who have committed to be an active part of educating our campus community about bystander intervention.

Springapalooza is an event that happens the week before spring break every year in the Atrium of the Student Union during the hours the cafeteria is serving dinner. During this time, students are educated on Green Dot and also educated on safety tips for various circumstances that could possibly leave them vulnerable to assault.

Classroom Programming is conducted on numerous topics that incorporate discussion of prevention and help seeking behaviors with regards to violence against women.

Take Back the Night March and Vigil is an event held annually in conjunction with our local community Crisis Control Center. Students march downtown to a vigil to demonstrate their support of survivors of domestic violence and the end of sexual and domestic violence. The event also features a “speak out” for those who want to share their stories and makes professional resources available to them if needed.

Primary Prevention Program:

In compliance with the amendments to the Violence Against Women Act and the Clery Act, Southeastern implements the “SafeColleges” training module through the Student Portal for all incoming Students, Faculty, and Staff. This training module takes approximately 1 hour to complete and covers the topics of dating violence, domestic violence, sexual assault, and stalking in addition to other mandatory topics such as bystander intervention.

STATISTICS

OBTAINING REPORTS

To request a copy of a report or ask other related questions, contact the Campus Police Department at 580-745-2727 or the Title IX Office at 580-745-3090.

Requests for incident reports or traffic crash reports by persons involved generally will be processed when the investigation is completed. University Faculty, Staff, and Students are not charged for obtaining report copies when involved in the reported incident.

The Campus Police Department is committed to complying with its obligations under the Freedom of Information Act (F.O.I.A.) without undue delay, but realizes that under certain circumstances the release of records may have an impact on victims, witnesses and the integrity of investigations. If an investigation is ongoing and still open, a request for any related Campus Police Department report may be denied and information of a personal nature will be withheld or redacted where the public disclosure of such information would constitute an invasion of privacy.

CRIMES DISCLOSED TO A MENTAL HEALTH COUNSELOR

To be exempt from disclosing reported offenses to appropriate University officials, a mental health counselor must be acting in their role as a pastoral or professional counselor. This exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled. When speaking to a victim or witness to a crime, counselors are encouraged to inform the individual to report the crime to the police.

A mental health counselor is a person whose official responsibility includes providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition also applies to professional counselors who are not employees of the institution but are under contract to provide counseling to the institution.

Note: the mental health counselor must report the crime to Campus Police for purposes of including the incident in the annual crime statistics only. Personal information will not be conveyed when making this disclosure unless the victim consents to such disclosure.

OFF-CAMPUS CRIME

If the Durant Police Department or other agencies are contacted about criminal activity occurring off-campus involving a member of the Southeastern Oklahoma State University community, the Durant Police Department may notify the Campus Police Department. However, there is no official policy requiring such notification. Individuals in these cases may be subject to arrest by the Durant Police Department and subject to University Student Conduct proceedings through the Office of Student Affairs. Southeastern Oklahoma State University has no off-campus Student Organization housing.

If the Idabel Police Department or McCurtain County Sheriff's Office is contacted about criminal activity occurring off-campus involving a member of the SE University community, the Idabel Police Department may notify the SE University Police Department or the Campus Director. However, there is no official policy requiring such notification. Individuals in these cases may be subject to arrest by the Idabel Police Department and subject to SE University Student Conduct proceedings through the Office of the VP of Student Affairs.

ACCESS TO CAMPUS FACILITIES

During business hours, the University (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During nonbusiness hours access to all University facilities is by key, if issued, or by admittance via Campus Police or in the case of Residential dorm rooms, Residence Life Staff members. To obtain access to buildings after hours or on weekends/holidays, a valid building order must be issued by the designated building coordinator and received by Campus Police, which states the requesting person has permission to be allowed into that area. Campus Police will not open any area without a valid building order. Campus Police Officers will not open any offices for anyone other than the staff member it is assigned to without written authorization on file from the person the office is assigned to. Campus Police Officers will not open any Residence Hall dorm rooms, this is the responsibility of Residence Life staff members. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities. Residence halls are secured 24 hours a day. Some facilities may have individual hours, which may vary at different times of the year. Examples are the Glen D. Johnson Student Union and the Library. In these cases, the facilities
