# Introduction

Southeastern Community,

I want to thank each and every one of you for your efforts in ensuring the fall semester at Southeastern proceeded as smoothly as possible under such challenging circumstances. Your understanding, flexibility, and dedication to your job is what made the difference as we experienced the highest enrollment in the history of the school, even in the midst of the COVID-19 pandemic.

The University is planning to welcome back our students, faculty, and staff for the spring 2021 semester with classes beginning on January 11, 2021. In preparation, we have updated our return to campus plan for the spring to continue to promote health and safety, while minimizing the risk of exposure to COVID-19.

This plan includes very few changes to the original return to campus plan distributed at the beginning of the fall semester. However, we will remain flexible as we monitor the virus' impact on our campus, and at the community, state, national, and international levels. We will keep you updated and informed on a timely basis if any changes need to be made in the plan.

As we return to campus this spring, the health and safety of students, faculty and staff, especially of vulnerable individuals, is our top priority. Thank you for your continued cooperation as we work through this challenging time together.

Dr. Thomas Newsom  
President

# General Practices

This University has many responsibilities, one of which is to provide students, faculty, staff, and visitors with as safe an environment as possible. In doing so, during this unprecedented and ever-changing time, certain policies and procedures have been implemented to protect our campus community which will be in effect until further notice, and we all are expected to comply with them as directive from the leadership of this University. Southeastern continues to follow practices put in place by the Centers for Disease Control and Prevention. As a result, while faculty, staff, students and visitors are on campus, they are required to do the following:

## Face Coverings

For the protection of yourself and others, wear face coverings when around others, both indoors and outdoors.

**The University requires that all students, faculty, staff, and visitors wear face coverings when they are in buildings on campus, unless wearing face coverings is contrary to meeting educational or participation objectives as determined by faculty and staff. The complete policy can be accessed by clicking [here](#).**

Accepted face coverings include cloth, disposable, or surgical. The covering should completely cover the nose and mouth.

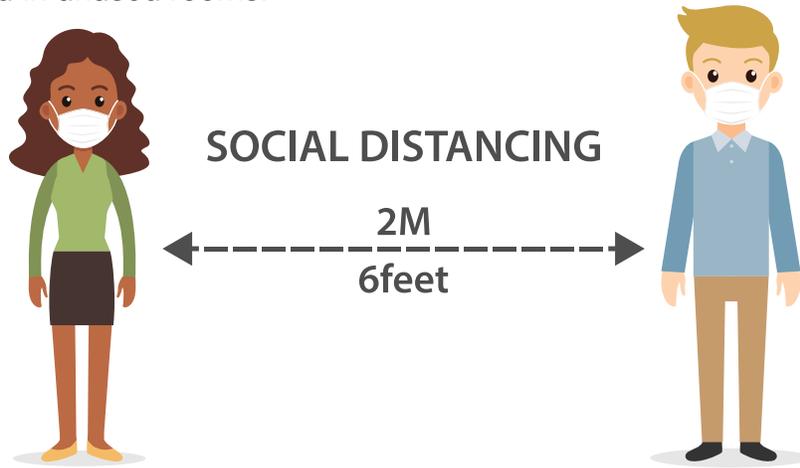

- One SE-branded cloth face covering will be provided to each employee and student.
- Disposable masks are available at a centralized location in each building for those who forget to wear a mask; however, there is a limited supply.
- Individuals are not required to wear face coverings in a campus building if they are alone in a private office or space, or if they are in their assigned residence hall room.
- While face coverings are not required in outdoor spaces, they are strongly recommended where 6 feet of physical distancing is difficult to maintain. Face coverings must be worn by all passengers in University-provided transportation, unless the driver is alone in the vehicle.
- Visitors, vendors, and contractors are under the same requirements for face coverings while on campus, and are asked to supply their own face coverings. This policy may be amended as needed in response to conditions on campus.
- If you are seeking a personal exception to this policy as an accommodation, please contact the Disabilities Services Office at 580-745-3036.

## Social Distancing

Practice social distancing of at least 6 feet when possible, both inside and outside of buildings.

- Watch for signage and floor stickers to encourage distancing or directing you to divided hallways and staircases.
- Only one person is allowed in an elevator at a time.
- When possible, meetings and services should be conducted virtually.
- Classrooms and public spaces have been set up to maximize social distancing, limiting the number of seats in each room, and allowing for 6 feet between seats. In some cases, furniture may be covered, overturned, or stored in unused rooms.

## Personal Daily Health Screenings

Each member of the University community is required to complete the daily health screening protocol to help monitor their personal health and to help prevent the spread of COVID-19. This screening should be conducted daily before reporting to campus. You can download a health screening form at [www.se.edu/healthscreening](http://www.se.edu/healthscreening).

## Reporting Illness or Exposure

We recognize that the situation regarding the coronavirus is causing worry and anxiety for all of us in the University community, especially related to:

- Concerns you have been exposed to the disease
- You have symptoms of COVID-19
- A colleague or classmate has been tested
- You have tested positive for COVID-19

If an employee, colleague, or student reports that they have tested positive for COVID-19, been exposed to COVID-19, or have symptoms of COVID-19, they should follow the steps listed below:

1. Have that person complete the SE Illness Reporting form at: <https://form.jotform.com/201426138264046>, or complete the form on their behalf.
2. Contact your primary health provider and begin self-quarantine. **DO NOT COME TO CAMPUS** until you meet the requirements in the University reporting protocol.

## Isolation and Quarantine

- Individuals who have active symptoms and/or have tested positive for COVID-19 will need to isolate.
- Individuals who have had direct contact with someone exhibiting symptoms, or someone having been diagnosed with COVID-19, will need to quarantine.
- Student Health Services will help determine the appropriate use of quarantine and isolation for members of the University community. Use the SE Illness Reporting form at <https://form.jotform.com/201426138264046> to begin the process for assistance.
- Students living in University housing who need to quarantine or isolate will need to make arrangements to evacuate to a pre-determined off-campus location. For residential students who have no alternate options, a limited number of quarantine/isolation rooms will be made available by the University with support and care.
- Learn more about isolation and quarantine by visiting [www.se.edu/quarantine](http://www.se.edu/quarantine).
- For more CDC guidelines and information, visit [www.cdc.gov/coronavirus](http://www.cdc.gov/coronavirus).

## Contact Tracing

The University will continue to use contact tracing methods in order to ensure that those on campus who may be directly impacted are notified in a timely manner. Student Health Services will be handling COVID-19 surveillance for all members of the campus community (faculty, staff, students). They will ensure appropriate support is provided and distribute valuable resources. They will also collaborate with the Oklahoma State Department of Health to assist with campus exposure based on evolving public health guidance.

### WASH HANDS

- Wash hands frequently, for at least 20 seconds, and use hand sanitizer as often as possible. Sanitizer stations have been installed in all campus buildings.

### DISINFECTION

- Wipe down desks/workstations in offices and classrooms at the beginning of each workday or class. Supplies will be provided for this task; employees should work with supervisors to access necessary supplies.

### WEAR MASK

- SE will continue to provide PPE as necessary. However, employees should continue to use the University's work order system to request PPE, as needed by departments.
- Each employee will be provided with a cloth face mask and hand sanitizer, along with directions for the use and cleaning of personal work space. PPE will be distributed by supervisors.
- Each student will be provided with a cloth face mask that will be distributed on-site during the first week of classes.

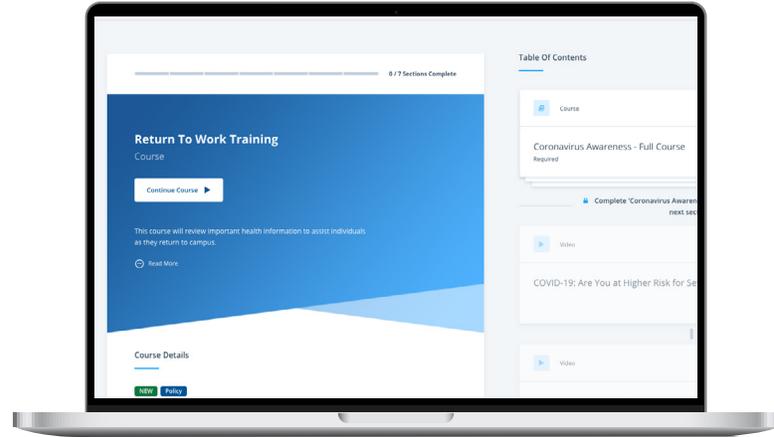

## Required COVID-19 Training

New employees and new students are required to complete COVID-19 education prior to returning to campus.

- New employees, including student employees, will be notified via email of the process to complete the training.
- New students will receive directions via email with instructions on accessing the training, which will include relevant information on prevention and assistance offered through the University. Sections focus on general COVID-19 information; healthy learning, living, dining, and fun; medical care and well-being during COVID-19; and where to access help.

# SafeColleges

## High-Risk Populations

Students and employees inquiring about general campus accommodations or accommodations related to COVID-19 for academics or housing should contact the Disability Services Office at 580-745-3036.

# Spring 2021 Instruction

Southeastern has plans in place for the safe delivery of instruction this spring. The points below will help students understand many of these changes.

- There will be multiple modes of course delivery: face-to-face, multiple location Synchronous Interactive Distance Education (SIDE), hybrid, and online-only.
- These course notations are available in the COLLEAGUE enrollment system, but may require a deeper look at the course section information:
  - » **Online-only** courses are designated with section numbers such as BIOL1114-**W1**. Clicking on the course offering in the enrollment/schedule section will open an information box under the meeting information, where it will state, “Online-only.”
  - » **SIDE** courses will be noted by section numbers with two digits such as EDUC3434-**44**. These courses will list a campus site location, room number and online, OR they may list interactive video and online.
  - » **Hybrid** courses are face-to-face courses with an online component and have face-to-face section single digit numbers such as CHEM4553-**01**. Clicking on the course offering in the enrollment/schedule section will open an information box and under the meeting information it may have a classroom number listed as on-site, plus state online OR interactive video, plus state online. Many of these courses are described under additional information and will state, “On-site and synchronized Zoom meetings required.”
  - » **Face-to-face** courses have section numbers that end in just a number such as POSC1513-**01**. Clicking on the course offering in the enrollment/schedule section will open an information box, and under the meeting information, it will list a room number and state, “On-Site.’
- Many face-to-face courses may actually be more like a hybrid course this spring to achieve social distancing in the classroom. As an example, half of the students in the class may meet in the classroom on Tuesday, while the other half is online. Then on Thursday, the students will switch. It might also be that a class lecture is online Zoom, while the lab section meets face-to-face. It will be extremely important for students to access their campus email and check Blackboard before classes start this semester to determine how a course will be arranged. This is the only way students will know the details of how their face-to-face or hybrid class is being delivered.
- It is also possible during the semester that the delivery mode of a face-to-face or hybrid course may change, based on the health needs of the campus or on other outside guidance. It is important that all students have a plan in advance for access to technology (computer and internet) for any emergency changes..
- For questions about your fall courses, please contact the course instructor, your academic advisor, or the relevant academic department.
- Spring Break is scheduled for March 15-19, 2021.

## Health and Classroom Protocols

(The following policies concerning health and classroom protocols are applicable at the Durant campus and the McCurtain County branch campus only. The other outreach locations will implement their health and classroom protocols at their respective sites.)

- Face coverings are required in all classrooms and in all buildings. The University will provide every student an SE cloth mask during the first week of classes and will have a limited supply of disposable masks available if a mask is forgotten. The syllabi statement on face coverings can be accessed at [www.se.edu/facecoveringpolicy](http://www.se.edu/facecoveringpolicy).
- As a general rule, face coverings must be worn in all University buildings. Please note, faculty and students may be authorized to temporarily remove face coverings at the discretion of the instructor to accomplish an educational objective as long as safety protocols are met (including ample distance, shielding, and other measures).
- Students without face coverings, or those who do not comply with the rules relating to face coverings, will not be able to participate in classroom activities. Students seeking a personal exception to this policy as an accommodation should contact the Disability Services Office at 580-745-3036. Failure to comply with the face coverings requirement may result in the Instructor directing the student to leave the classroom. Any student asked to leave the classroom may be referred to the Office of Student Conduct.

## Seating/Classroom Changes

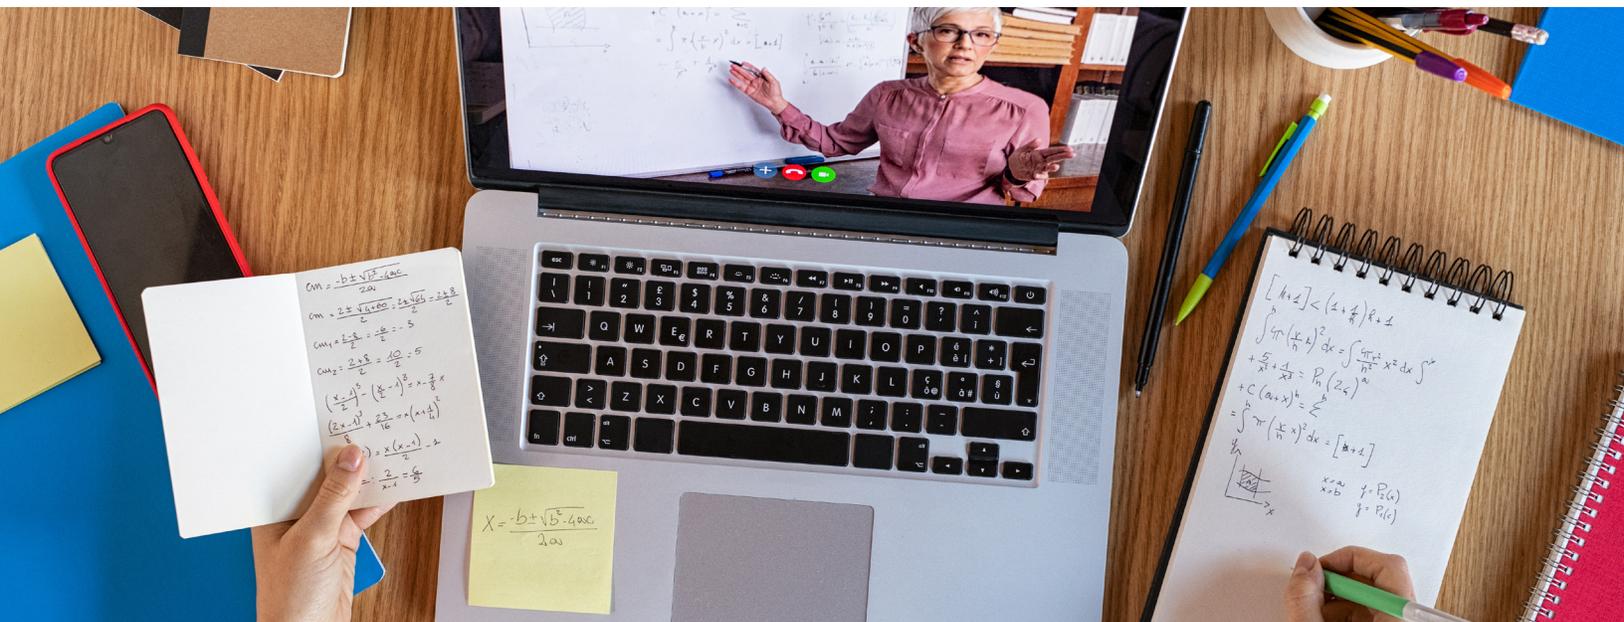

The number of available seats in all face-to-face classes has been reduced to optimize social distancing among students and faculty.

- To help accommodate social distancing in classroom environments, some classes will meet in facilities such as the Visual and Performing Arts Center, Montgomery Auditorium, the Glen D. Johnson Student Union, and the Hallie McKinney Ballroom.
- Students will be asked to sit in the same seat each class period to assist with contact tracing should it be necessary.
- University signage will be utilized to assist with the health and safety protocols. There will often be signs directing hallway traffic, and it is important not to cluster in the hallways, while waiting for a class or leaving a classroom.

## Plans for Moving to Remote/Online Delivery University-Wide

Southeastern students, faculty, and staff should be aware that in the event of a University closure due to COVID-19, there may be a need for on-site classes to be converted to an online/remote format; whether this happens or not, pre-planning is necessary. Students should plan ahead to ensure they have access to the computer equipment (either PC, MAC, or tablet), webcam, and internet connectivity to continue their classes in an online/remote format.

- Students are asked to be aware of all official Southeastern student emails as the transition, if necessary, from on-site to online/remote, might require a reorganization in the student's situation.
- If this transition occurs during the semester, students will be granted a 72-hour transition and grace period. Existing online classes will continue as scheduled without disruption. If this plan becomes necessary, the University will communicate additional details.
- Students who needed to stay/return to campus would be allowed to remain in the residence halls for the normal length of the semester for any remaining housing needs, including for those more voluntary activities like athletics, aviation training, and commencement ceremonies (assuming such activities are continuing). Residents will be required to abide by any additional safety measures imposed upon their return from the Thanksgiving break.

## Temporary COVID-19 Attendance Policy

- Students who are ill or need to quarantine should not attend classes. Students will not be required to provide formal documentation from a health care provider, and will not be penalized for COVID-19 related absences when proper notification to campus health officials is made in accordance with the guidelines stated in the policy. This policy may be accessed at [www.se.edu/attendance](http://www.se.edu/attendance).

# Campus Events

## Guidelines for University-Sanctioned/Sponsored Events On and Off Campus

To maintain proper space usage inside buildings in accordance with social distancing, the following guidelines are in place:

- When possible, consider conducting virtual events or communicating electronically.
- When indoor in-person events are necessary, limit gatherings to groups of 10 or less and overall attendance to less than 250 people or what the venue will allow when social distancing of 6 feet per attendee is less than 250 people.
- When outdoor in-person events are necessary, limit gatherings to groups of 25 or less and overall attendance to less than 500 people.
- University facilities and space continue to remain unavailable for any events held in spaces that may be needed for the purpose of providing instruction until the needs of faculty are determined.
- Clearly communicate the guidelines for protective measures to participants prior to attendance, and provide signage or messaging at the event location.
- Provide methods for hand washing and/or sanitization during the event.

## AVOID CROWDS

- The University will require that all students, faculty, staff, and visitors wear face coverings when they are in buildings on campus, unless wearing face coverings is contrary to meeting educational or participation objectives as determined by faculty and staff. All individuals should be reminded not to touch the face covering and to wash their hands frequently.
- Ensure that the event location is capable of sustaining social distancing for each individual of at least 6 feet. Evaluate the need for seat spacing or floor markings to assist in accomplishing 6 feet of social distance.
- Consider the need for separate points of entrance and exit to avoid a buildup of conflicting foot traffic.
- Event coordinators will be responsible for recommending and strongly encouraging physical distancing, and wearing masks or face coverings.
- Event coordinators will create and keep a registry/roster of all attendees and support staff for purposes of COVID-19 contact tracing and decontamination procedures.
- It is the event coordinator's responsibility to seek guidance through Student Health Services to the appropriate County Health Department one week prior to any scheduled event to obtain the most relevant and timely information concerning any health threat that might exist.
- The event coordinator will ensure that the planned event meets all of these guidelines before requesting or approving the event. Department heads and/or Vice Presidents will be responsible for approving events that meet all of the guidelines listed above.
- Until further notice, University facilities are currently unavailable for use by outside entities.
- The University reserves the right to cancel any event for health and safety reasons.

## **Event Dining**

- Sodexo, the University's dining partner, should be used whenever possible as they can follow stringent food preparation and serving requirements.

- Meals at events should be take-away style as no buffets or self-service options will be allowed. No homemade or cooked items to share, such as baked goods or pizza, may be served.

# Student Organizations

- Student meetings and events this spring will follow the guidelines listed in this document as well as those of state and local health officials with regard to limits of attendees. SE's policy for Student Organizations can be accessed at [www.se.edu/studentorgpolicies](http://www.se.edu/studentorgpolicies).
- Student organizations must work with the Office for Student Life to reserve campus spaces.

# Student Housing/University Dining

- Student Housing plans include reduced occupancy to one student per room and no more than 2 students per bathroom, rearranging of shared spaces, increasing frequency of cleaning, acquisition of specialized disinfecting equipment, and dedicated rooms reserved for student quarantine, if necessary. Detailed information about changes in Housing and Residence Life will be emailed directly to the resident.
- Dining Services has reduced the capacity for seating to allow for social distancing within the Café and Student Union. All meals will be served in individual take-out boxes. New hands-free service options have been put into place, along with guidelines for entering and exiting the facility. Seating options have been added inside and outside of the Glen D. Johnson Student Union.
- Face coverings must be worn in common spaces in all residence halls and in the Café, except when eating.

# Additional Guidance

## Staying Informed

- Students, faculty, and staff should check their official SE e-mail regularly for important messages and updates.
- Updated information about procedures, guidelines, and announcements are accessible at [www.se.edu/coronavirus](http://www.se.edu/coronavirus) on the webpage.

## University-Related Travel

- Until further notice, In-State Travel is allowed with restrictions. In-state travel is highly discouraged and should only occur when there is a clear directive from the Regents or for essential duties that are approved by the Division's Senior Officer and the President. Travel restrictions do not include traveling to locations to work at University-sponsored events. At this time, there is no traveling for recruitment purposes.
- University-sponsored international travel is not allowed at this time and out-of-state domestic travel must be approved by the President, until such a time as the state has lifted the moratorium.
- Field trips should be addressed as a programmatic issue and must be approved by the Vice President for Academic Affairs and the President.

## Cleaning/Sanitizing of University Facilities

The SE Physical Plant, following guidance from the CDC and Environmental Protective Agency (EPA), have added the following protocols to slow the spread of COVID-19:

- Increased cleaning and disinfecting daily in campus buildings.
- Installed hand sanitizing stations in key locations in all buildings.
- Portable sprayers have been acquired to allow for the quick disinfecting of areas, and atomizing vapor disinfection equipment has been acquired and distributed for applying preventative disinfectant coverage to targeted areas.
- Upgrades to air handling and filtration systems have been made to increase fresh air in the buildings, and where possible, filters have been increased from MERV 10 to MERV 13. More details regarding air handling and filtrations are accessible at [www.se.edu/airhandling](http://www.se.edu/airhandling).
- Additional details regarding the cleaning of University facilities are accessible at [www.se.edu/cleaning](http://www.se.edu/cleaning).

## Enforcement of Guidelines

The guidelines set forth in this plan and supporting documents are in addition to those policies, procedures, and practices set forth in the Student Code of Conduct, Employee Handbook, and the Academic Policies and Procedure Manual. This University has many responsibilities, one of which is to provide students, faculty, staff, and visitors with as safe an environment as possible. In doing so, during this unprecedented and ever-changing time, certain policies and procedures have been implemented to protect our campus community which will be in effect until further notice, and we all are expected to comply with them as directive from the leadership of this University.

Employees and students who refuse to comply with the guidelines and policies included in Southeastern's Return to Campus Plan are subject to disciplinary action, in accordance with the applicable faculty, staff, or student handbook policy. If an employee or student indicates compliance is not possible due to medical reasons, the individual should be referred to the Disability Services Office.

# Task Force for COVID-19 Recovery

The Task Force for COVID-19 Recovery, commissioned by the President, included representation from across campus and the community to develop a thorough set of recommendations for the phased-in reopening of campus in June, for the return to campus operations in Fall 2020, and for the spring 2021 semester. These recommendations were reviewed, amended where needed, and accepted by the Executive Team and the President.

In addition to the Task Force, several sub-committees and working groups were established to create the specific recommendations for instruction, on-campus living, University events, and athletics. These committees were made up of faculty, staff, and students.

## **Task Force Members**

Ms. Liz McCraw, Student Affairs, Task Force Chair  
Ms. Anna Antuono, Student Government Association President  
Mr. Keith Baxter, Athletics  
Dr. Tim Boatman, Enrollment Management  
Mr. Alan Burton, University Communications  
Mr. John Carey, Southeastern Foundation President  
Dr. Randy Clark, Faculty Senate President  
Mr. Durwood Cook, Campus Police/ Emergency Management  
Dr. Mike Davis, Compliance/Criminal Justice  
Dr. Teresa Golden, Academic Affairs  
Ms. Paula Harp, Choctaw Nation  
Mr. Chris Kates, Chickasaw Nation  
Ms. April Lehrling, Student Wellness Services  
Ms. Alisha Ridenour, Staff Association Chair  
Mr. Dennis Westman, Business Services  
Regent Amy Anne Ford, Ex Officio  
Dr. Thomas Newsom, Ex Officio

## **Sub-Committee on Instruction**

Dr. Teresa Golden, Academic Affairs, Chair  
Dr. Jeremy Blackwood, Music  
Dr. Randy Clark, Faculty Senate Chair  
Mr. Mike Gaffney, Aviation Flight  
Dr. Stewart Mayers, Teacher Education/Educational, Instruction Leadership  
Dr. Shannon McCraw, Art, Communication, and Theatre  
Dr. Randy Prus, English, Humanities, and Language  
Dr. Rhonda Richards, Accounting and Finance  
Dr. Tim Smith, Chemistry, Computer, and Physical Sciences

## **Sub-Committee on On-Campus Living**

Ms. April Lehring, Student Wellness Services, Chair  
Mr. Howard Bridges, SODEXO Dining Services  
Dr. Kelly D'Arcy, Housing and Residence Life  
Mr. Mitchell Emberson, Student Life  
Dr. Charla Hall, Psychology  
Mr. James Reed, Student Conduct, Rights and Responsibilities,  
Mr. Ken Schultz, Housing and Residence Life - Facilities  
Ms. Cherrie Wilmoth, Athletics - Compliance

## **Sub-Committee on Campus-Hosted Events (On and Off Campus)**

Mr. Durward Cook, Campus Police and Emergency Management, Chair  
Dr. Tim Boatman, Enrollment Management  
Mr. Mitchell Emberson, Student Life  
Mr. Seth Dutton, Athletics – External Operations  
Dr. Brad Ludrick, Academic Affairs  
Ms. Terri Rogers, President's Office  
Mr. Mark Webb, Alumni Relations and University Development

## **Sub-Committee on Athletics**

Dr. Mike Davis, Compliance/Criminal Justice, Chair  
Mr. Curtis Armor, SE Alum  
Mr. Durward Cook, Campus Police and Emergency Management  
Dr. Kelly D'Arcy, Housing and Residence Life  
Mr. Tyler Fenwick, Athletics - Coaching  
Dr. Joe Harrison, Community  
Dr. Brad Ludrick, Academic Affairs  
Ms. April Lehring, Student Wellness Services  
Mr. Jeremy Rowland, Admissions and Recruitment  
Mr. Scott Willman, Athletics - Training  
Ms. Cherrie Wilmoth, Athletics - Compliance

# Academic Calendar - Spring 2021

## Pre-Enrollment Dates

### Priority Pre-Enrollment for Currently Enrolled Seniors and Graduate Students

Online (24/7) or Walk-In (M-F, 8-5:00) October 5 – October 11

### Open Pre-Enrollment for All Students

Online (24/7) or Walk-In (M-F, 8-5:00) October 12 – January 8

## Semester Dates

|  | 16 Weeks             | First 4-Week Block         | Accelerated Online Programs – Term I | Accelerated Online Programs – Term II |
